Giovanni Michele Giorgis

⚲ Zurich, Switzerland   ✉ ggiorgis@student.ethz.ch   ☎ + 39 333 885 3590   in giovanni-giorgis

Education

ETH Zurich *Zurich, Switzerland*
M.Sc. in Mathematics *Sept 2023 – present*
- **Coursework:** Mathematics of Information, Neural Network Theory, Mathematics of Data Science, Graph Theory, Functional Analysis, Introduction to geometric measure theory, Calculus Of Variations.
- **Research Project:** Approximation rates of transformer networks
  Supervisor: Professor Helmut Bolcskei

University of Turin *Turin, Italy*
B.Sc. in Mathematics *Sept 2020 – July 2023*
- **Final Grade:** 110/110 with Laude
- **Bachelor Thesis:** Introduction to Optimal Control Theory
  Supervisor: Professor Susanna Terracini

Collegio Carlo Alberto *Turin, Italy*
Diploma in Economics and Applied Mathematics *Sept 2021 – July 2023*
- **Final Grade:** distinction
- **Relevant coursework:** Game Theory, Microeconomics, Optimisation for economics.

Honors and Awards

Collegio Carlo Alberto *Turin, Italy*
Allievi Honors Program *Sept 2021 – present*
- Competitive admission to a study program in applied mathematics, statistics and economics.
- Admission is based on a nationwide selection process.

Scholarship BRAVINRICERCA *Cuneo, Italy*
Cassa di risparmio di Cuneo Foundation *Sept 2020 – July 2023*
- Awarded to outstanding students excelling in STEM disciplines.

Outstanding Graduation Scholarship *Cuneo, Italy*
Bank of Caraglio *Sept 2020*
- Recognized for exceptional performance in the High School final examination of 2020.

National finalist of "Giochi Matematici" *Milan, Italy*
Bocconi Mathematical Games *May 2015*

Professional Experience

Teaching Assistant *Turin, Italy*
University of Turin *Jan 2023 – June 2023*
- Supported students in Analysis II by conducting exercise sessions.

Web Developer *Cuneo, Italy*
Bagubits *June 2019 – July 2019*
- High school summer internship as a PHP back-end developer.

Software Developer *Cuneo, Italy*
NORD-OVEST Spa *June 2018 – July 2018*
- High school summer internship as a front-end developer.

Extracurricular Activities

Zurich Undergraduate Colloquium (ZUCCMAP)   *Zurich*
Speaker   *19th November 2024*

- **Title:** Optimal Function Approximation with Deep Neural Networks: A Mathematical Perspective ([Talk](#))

Talent Kick Program   *Switzerland*
                                                                 Jan 2024 – Sept 2024

- Talent Kick is a highly selective, cross-university program that combines academic studies with an entrepreneurial journey.
- Selected through a competitive national process.

Excellence Track at University of Turin   *Turin, Italy*
                                                                 Feb 2021 – July 2022

- Participated in a cycle of seminars exclusively for the top students in the Department of Mathematics, organized by the University of Turin.
- **Seminars Attended:** Invariants in Knot Theory, Recursion and Generating Functions, Sum of Squares and Generalizations, Minimum Problems and Introduction to Optimal Transport.

Allievi of the Collegio Carlo Alberto Association   *Italy*
Member   *Sept 2021 – Present*

- **Notable Activity:** Organized the Roundtable "Financial Literacy: Didactical Approaches and Macroeconomic Externalities" as the launch event of the Financial Literacy Project by the Allievi of the Collegio Carlo Alberto Association (Guests Included: [Carlo Cottarelli](#), [Elsa Fornero](#)).

Personal Activities

International Volunteer Teacher   *South Africa, Cape Town*
Capricorn Primary School   *Sept 2024*

- Participated in a volunteer program in the Capricorn township.
- Contributed to enhancing the learning environment for disadvantaged children.

International Volunteer Teacher   *South Africa, Cape Town*
Christian David Moravian Primary School   *July 2022 – Aug 2022*

- Participated in a volunteer program in the Capricorn township.
- Contributed to enhancing the learning environment for disadvantaged children.

Soccer Player   *Italy, Turin Area*
Various Local Teams   *2017 – 2023*

- Played in the 5th national Italian league.
- Earned a salary that helped support my studies financially.

Skills

Languages
- Italian (Native), English (Proficient, C1), French (Basic), Spanish (Basic)

Programming Languages
- Python, R, C, PHP.

Markup Languages
- LaTeX
